

## RESEARCH THESIS

### *Abstract and Access form*

Please complete all sections on the following pages. Print out one copy, sign it, and hand it in with the printed copies of your thesis when they are submitted for examination.

After your thesis has been approved by the examiners, you are required to submit one hardbound paper copy and an electronic copy of your thesis (“the Work”) to the University Library. The Library will:

- Publish the **abstract** via *DSPACE*, (the University’s research repository) and other appropriate bibliographies and indexing services.
- Make the printed copy of the thesis available for consultation in the Library, or via a recognised inter library loans system (unless you have arranged an embargo on access to the text).
- Make the full text PDF of your thesis available, via the internet, for readers who are interested in your work. However, this level of access may not be suitable for all theses and if you wish to **opt out** of this, you can indicate your preference on this form. Even if the e-copy is restricted, you must submit it to the Library by the deadline given in your Letter of Award.

Whichever level of access is chosen, rights granted to the University of New York Tirana to distribute your thesis are non-exclusive and you retain all rights to re-use the work in its present version or future versions. Readers will be advised that the Work is copyright.

For queries relating to these options, please contact the Library on +355 42441330/1/2 or e-mail [library@unyt.edu.al](mailto:library@unyt.edu.al)

Note: For *Clin.Psy.D.* and *Ap.Ed.Psy.D.* degrees, vol. 2 of the thesis is automatically withheld from access for a period of 10 years. In those cases, this form should be used to indicate your intentions for vol. 1 of the thesis.

**Preferred access arrangement for the electronic copy.** Tick one option below.

**A. Fully open access (Recommended)**

I agree that an electronic copy of my thesis shall be included in the University's electronic repository and any recognised national or international databases of theses, and that the University Library is authorised to make the electronic copy of the Work freely accessible to individuals and institutions - including search engines and automated agents - via the Internet.

I confirm that if my thesis includes any substantial amount of material that is the copyright of a third party, I have sought and gained permission to include this material in any version of my Work available in digital format via a stand-alone device or a communications network.

In addition, the printed copy of the Work will be available in the Library or via a recognised inter library loan system.

**B. Electronic copy not openly available, but full copies may be provided on request**

I understand that the University Library will make the printed copy of my thesis available for consultation in the Library, and via a recognised inter library loans system.

I do not wish the electronic copy to be made available via any openly accessible repository until **(date)** .....

From the date my degree is conferred until the Work is released on the date specified above, the Library is also authorised to provide a single full copy of my Work upon request, to any individual or organisation, delivered in any appropriate medium (eg print-out, photocopy or electronic copy) on condition that the copy is required for the purposes of non-commercial research or private study only.

In the event of receiving a request for a copy of the Work for commercial purposes, the Library will endeavour to seek authorisation from me, via any contact details I supply to the Alumni Office. (In the event of my long-term non-availability, I agree that authorisation may be sought from the Head of the Department or College through which my thesis was submitted.)

**C. Electronic copy restricted, no full copies to be made**

I understand that the University Library will make the printed copy of my thesis available for consultation in the Library, and via a recognised inter library loans system.

I do not wish the electronic copy to be made available via any openly accessible repository until **(date)** .....

From the date my degree is conferred until the Work is released on the date specified above, I understand that the University Library may provide extracts\* not exceeding 5% of the whole of my Work or one complete chapter, upon request, to any individual or organisation, delivered in any appropriate medium (eg print-out, photocopy or electronic copy) on condition that the copy is required for the purposes of non-commercial research or private study only.

\* In accordance with the generally accepted interpretations of the fair dealing and library privilege provisions of The Copyright Designs and Patents Act 1988 and The Copyright (Librarians and Archivists) (Copying of Copyright Material) Regulations 1989.

In the event of receiving a request for a copy of the Work for commercial purposes, or a request in excess of the above limits, the Library will endeavour to seek authorisation from me, via any contact details I supply to the Alumni Office. (In the event of my long-term non-availability, I agree that authorisation may be sought from the Head of the Department or College through which my thesis was submitted).

**D. Embargo on access to any copy**

I understand that I may apply to the University to retain the right to restrict all access to my thesis in any format, and have submitted a **Restricted Access Request Form**. Access may be withheld for a period not normally exceeding four years from the date of the congregation at which the degree is conferred. The actual length of the period together with the precise reasons for the restriction will be specified in that application.
